The accounts of the Indian Central Tobacco Committee were last audited in October 1957. The audit is annual and during the present audit the accounts for the year 1957-58 were examined.

**Section III (Current Report)**

I. The details of the Revenue realised at the various stations during the year under review are furnished below.

	Receipt	Estimate	
	Rs.	nP	Rs.
Hunsur . . . . .	8,835	00	7,725
Rajahmundry . . . . .	74,584	40	34,880
Guntur . . . . .	61,236	90	16,120

Pusa . . . . .	3,195	00	5,970

There had been abnormal variation between the actual realisation and the estimated amount in Rajahmundry Station, the former exceeding the latter by Rs. 39,704.40 which is explained as due to the favourable season of better price. In Pusa station there was a shortfall of Rs. 2,775/- in the actuals as compared to the estimated amount. The reasons for the same may please be investigated.
